MEMORANDUM AND ORDER

A conference call was held today to discuss the current status of case progression. The parties have jointly moved to stay the progression deadlines, (filing no. 38), because: 1) their document discovery is ongoing due to the numerous states involved; 2) the plaintiff has faced a medical setback and his future medical care and prognosis remain unclear; and 3) absent the foregoing information, the parties are not in a position to negotiate a settlement or move forward to trial. The court agrees. Accordingly,

IT IS ORDERED:

- 1) The parties shall continue with discovery, particularly document discovery, to the extent reasonable under the circumstances.
- 2) The status conference previously scheduled for September 8, 2001 is cancelled.
- 3) The pretrial conference and trial are removed from the court's calendar, and the discovery deadline, expert witness disclosure deadline, and dispositive and/or *Daubert* motion deadline are stayed, pending further order of the court.
- 4) A telephonic conference will be held on December 15, 2011 at 11:00 a.m. to discuss the current status and further progression of this case. Plaintiffs' counsel shall arrange the call.
